Dear Professor Barth,

I am enclosing the documents on the first group of courses which Gernot Mittersteiner has completed in his work with us. He has now been working steadily, and full-time, for the last fourteen months. In order to make the translation of our work into your system in Innsbruck as easy as possible, the material is arranged in such a way that it most clearly explains the equivalences with the required courses in your program. I have also included formal notice of his attendance at the University.

I believe these documents contain everything you asked me for when we talked on the phone a few months ago and I hope that the steps necessary to give Mr. Mittersteiner credit in Innsbruck can now be taken without delay. He is an outstanding student and I want to let both you and your fellow faculty members know that I am absolutely delighted with his work and delighted that he has come to work with us under this program.

Yours very sincerely,

Christopher Alexander
Professor of Architecture
