

42. DOCTORS' OFFICES

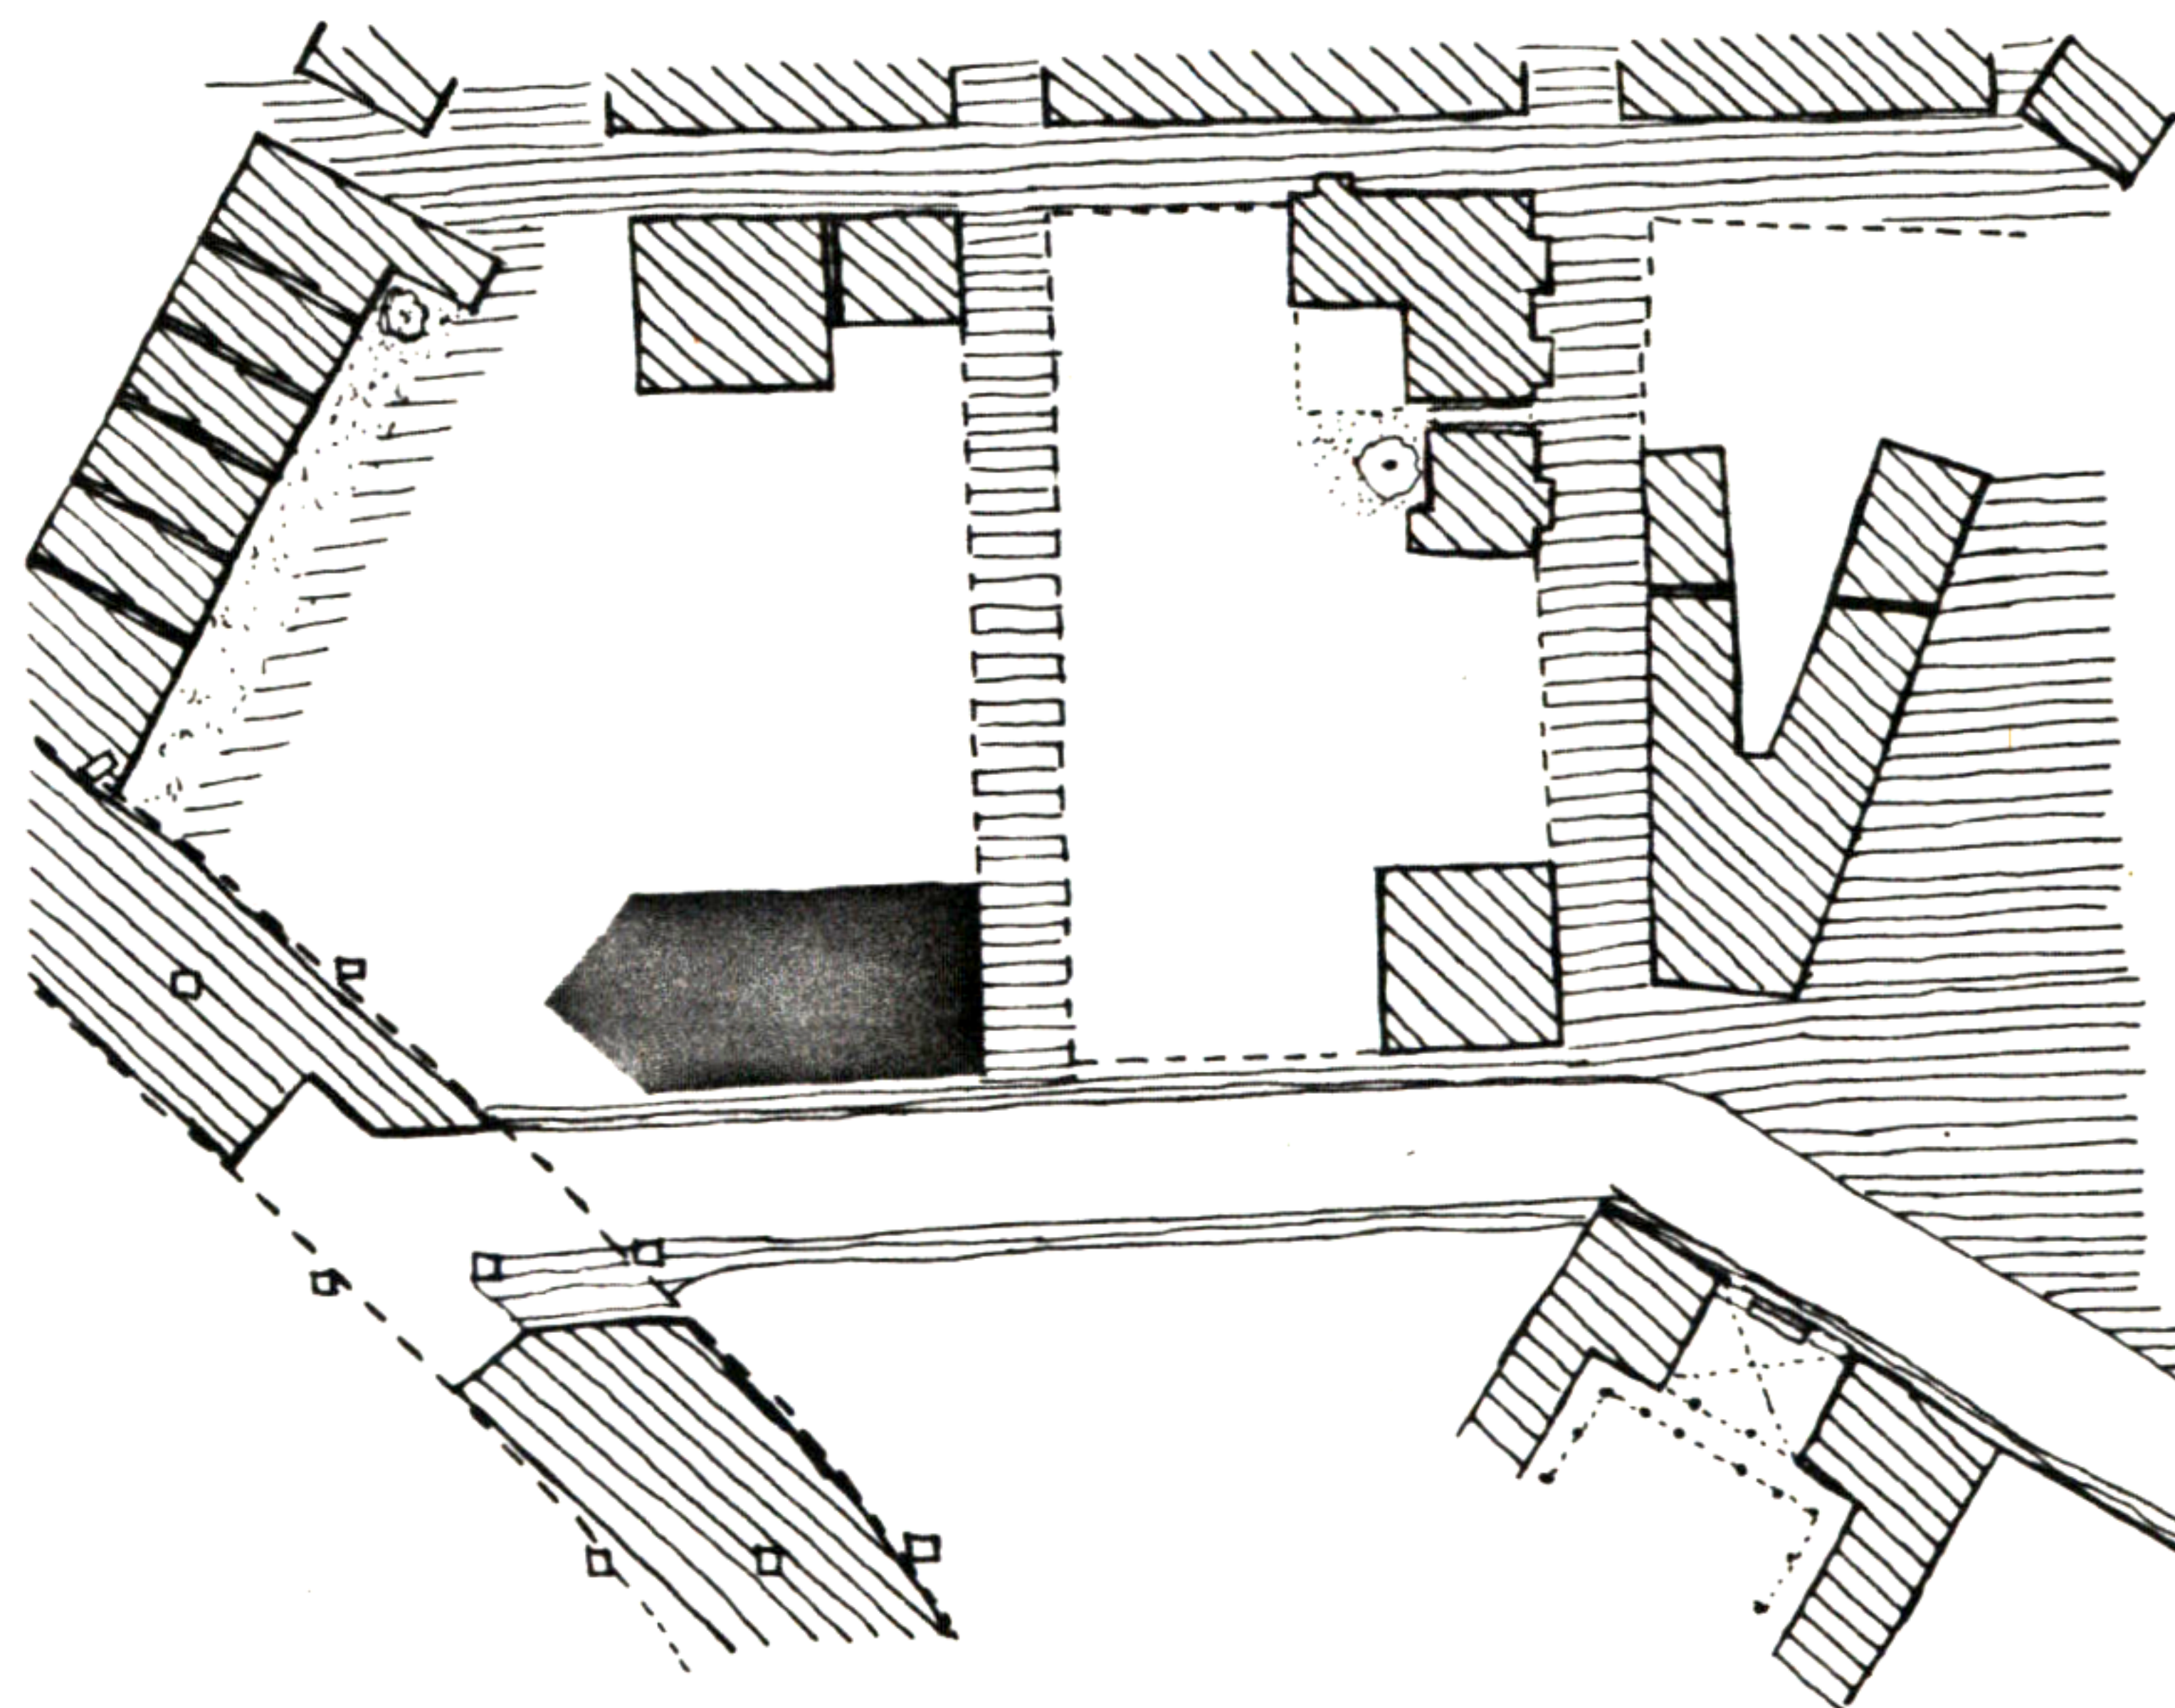

AT THIS TIME THE RESIDENTIAL AREA IS ALREADY WELL DEVELOPED. I HAVE FOUND IT IMPORTANT TO PROVIDE HEALTH FACILITIES FOR THIS AREA.

THE BUILDING, BECAUSE OF ITS FUNCTION, HAS TO BE PART OF THE RESIDENTIAL AREA. SINCE IT NEEDS CAR ACCESS, IT HAS TO BE LOCATED ALONG THE MAIN STREET, AT THE BOUNDARY OF THE QUIET NEIGHBORHOOD.

ON THE GROUND FLOOR THERE IS A PHARMACY, A BLOOD ANALYSIS LABORATORY AND THE ENTRANCE TO THE DOCTOR'S OFFICES, ALL OF THEM FACING THE STREET.

THERE ARE DOCTORS OF DIFFERENT SPECIALITIES OCCUPYING THE FOUR UPPER FLOORS OF THE BUILDING.

IN ORDER TO ISOLATE THE WORKING SPACE FROM THE NOISE CAUSED BY THE FREEWAY, A BIG LOBBY IS LOCATED AT THE SIDE FACING THE FREEWAY. THIS LOBBY IS USED AS A WAITING AREA AND IS SHARED BY ALL THE DOCTORS.
