

PROJECTS

TO CARRY OUT THE IMPROVEMENTS SUGGESTED BY A DIAGNOSIS, PEOPLE DO PROJECTS.

A PROJECT IS ANY PIECE OF BUILDING. IT MAY BE AS SMALL AS ADDING A ROOM TO AN EXISTING HOUSE, OR AS LARGE AS THE DECISION TO ENCOURAGE GROWTH TOWARDS THE SOUTH OF VALSTA.

ANYONE CAN PROPOSE A PROJECT SO LONG AS IT IS HELPING THE DIAGNOSIS, AND SO LONG AS USERS ARE INVOLVED IN ITS DESIGN.

A SMALL PROJECT WOULD BE DONE BY THE ACTUAL USERS, WHILE A LARGER ONE WOULD BE DONE BY A REPRESENTATIVE GROUP OF USERS.

EACH PROJECT HAS ITS OWN PROJECT LANGUAGE, COMPOSED FROM THE PATTERNS IN THE LARGER PATTERN LANGUAGE.
